Dear Wanda and Friends at AbleTech Assistive Technologies:

Your kindness and thoughtful generosity is much appreciated! Thank you very much for your recent gift to Fraser Valley Regional Library of a video magnifier. It is now being used, enjoyed, and appreciated by our low vision customers at the City of Langley Library.

Thank you for responding by offering this equipment when you learned of our need for an improved video magnifier to help our low vision customers. We deeply appreciate your sensitivity to their difficulties as well as your willingness to enrich their lives through your donation.

It's a joy for our staff to connect the pleasures of reading and learning to the lives of our customers, even more so for those who deal with the limitations of low vision. By connecting them to the world of information and ideas through their library, these customers can enjoy new discoveries, new skills, and new passions. We are sincerely grateful that you have made that possible for these library customers.

Again, thank you very much for your kindness and generosity. We truly value this contribution that means so much to those who use it.

Sincerely,

A handwritten signature in cursive script that reads "Irene Geng".
